## **Destination Earth: A New Philosophy of Travel by a World-Traveler** Nicos Hadjicostis

"Travel is the departure from one's little pond. It is the bold renouncement of the petty comforts that hold us prisoner. It is a movement away from the known towards the unknown and unimaginable. Travel is expansion, widening, opening-up..."

After years as a media executive, Nicos Hadjicostis abandoned the business world and set his sights on a larger and more fulfilling goal: to explore our planet as if it were one huge country, *a single destination*. Starting from New York and traveling west for six-and-a-half-years, the author visited six continents and seventy countries delving deep into their peoples, cultures and natural wonders.

*Destination Earth: A New Philosophy of Travel by a World - Traveler* is the result of this life-transforming journey. While many travelers today concern themselves with destinations solely for amusement, relaxation, and entertainment, the author proposes a more meaningful, rewarding, and fulfilling way of viewing Travel and its relation to Life.

Enriched with travel incidents and some of the author's best travel color photos, *Destination Earth* sheds light on both Travel and Life. Ideas and experiences are interwoven into a newly created Philosophy of Travel that is practical and easy to read.
