As a university student, I exactly feel bored in order to reading. If their teacher requested them to go to the library or make a summary for some book, they are complained. Just very little students that have reading's soul or real their interest. They just do what the educator wants, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading is not important, boring and can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we want. Likewise, word says, many ways to reach Chinese's country.
