C4 Corvette Buyers Guide: A Reference for the Purchase and Maintenance of the 4th Generation Corvette John Loughmiller

"C4 Corvette Buyers Guide - A Reference for the Purchase and Maintenance of the 4th Generation Corvette." With the 4th Generation Corvette - known as the C4 model - enthusiasts have an opportunity to purchase arguably the biggest bang for the buck in pre-owned Corvettes. As a result, sales of the 1984 through 1996 Corvettes are more robust than other models and yet the prices are very reasonable for a world class sports car. Th "C4 Corvette Buyers Guide" is aimed squarely at these new C4 owners and perspective owners - a reference book that provides the information needed to make informed decisions about the purchase and maintenance of the C4. Illustrated with many photographs, the book begins with a history of the C4 Corvette in chapter one which will help you understand the design and manufacture philosophy plus you'll read about the year by year improvements made to the car. Using this information, you'll be able to choose the best year for your budget. Next, you'll find yourself at chapter two which guides you through a purchase via an extremely detailed pre-buy check list. You'll use these guidelines to avoid being so mesmerized by the good looks and superior performance of the 4th generation Corvette that you inadvertently overlook damage, engine or transmission problems, inoperative systems and various seller tricks. After that, you're off to the maintenance and performance chapters; both are informative and full of detailed information and suggestions. You'll refer to these two chapters again and again after your purchase which extends the book's usefulness well beyond the day you take delivery of your C4. Next, a product recall chapter advises you of safety campaigns. You'll want to check on these specific repairs to make certain they've been accomplished. A resources chapter follows. It lists Corvette books you may wish to add to your library plus information about the National Corvette Museum. In this chapter, you'll also find lots of places to buy parts and accessories - including specialty houses - complete with contact information and websites if available. Lastly, the author wraps things up with some closing remarks. In the "C4 Corvette Buyers Guide", you'll find the answers to new owner's (and hope-to-be owners) questions about America's Sports Car and be able to find just the right C4 - plus you'll be able to make certain that it's maintained properly after the purchase. All for \$16.95!

Donna Bohannon:

Reading a book tends to be new life style in this era globalization. With reading you can get a lot of information which will give you benefit in your life. Having book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their own reader with their story or even their experience. Not only the storyline that share in the books. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors nowadays always try to improve their ability in writing, they also doing some analysis before they write to their book. One of them is this C4 Corvette Buyers Guide: A Reference for the Purchase and Maintenance of the 4th Generation Corvette.

Michael Becker:

As a university student exactly feel bored in order to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this C4 Corvette Buyers Guide: A Reference for the Purchase and Maintenance of the 4th Generation Corvette can make you truly feel more interested to read.

Eli Gaddy:

Some people said that they feel weary when they reading a guide. They are directly felt this when they get a half areas of the book. You can choose the book C4 Corvette Buyers Guide: A Reference for the Purchase and Maintenance of the 4th Generation Corvette to make your own personal reading is interesting. Your own skill of reading expertise is developing when you including reading. Try to choose very simple book to make

you enjoy to see it and mingle the feeling about book and reading especially. It is to be first opinion for you to like to start a book and learn it. Beside that the guide C4 Corvette Buyers Guide: A Reference for the Purchase and Maintenance of the 4th Generation Corvette can to be your brand-new friend when you're feel alone and confuse with the information must you're doing of that time.
