Let's be honest: sometimes you're asked to read an "important" book that you don't want or have time to read. Sometimes you try and it's just so boring and impenetrable that you can't get through it. And then, even worse, sometimes you're asked to take a test or write a paper about it. If that sounds familiar, then BookHacker was designed for you.

BookHacker summaries strip away all the subtlety and stuffiness of literature's classic works (100% "thou"-free guaranteed) and get right to the point. Taking away all the guess work, BookHacker presents the book's warm gooey center in a concise, logical and entertaining way. Just because literary classics can be dry and boring doesn't mean understanding them has to be.

In Charlotte Bronte's *Jane Eyre*, Bookhacker follows Jane Eyre's coming-of-age story from a penniless orphan in the 19th century English countryside to a strong young woman who finds family and love. BookHacker gives you a glimpse into and a greater understanding of the story of a woman determined to overcome issues of class and gender inequality in 19th century English society.

"I'm not going to lie--I used this to get out of having to read the book for class and it worked" Steven, 10th grade

"BookHacker gave me exact details and plotting, EXACTLY everything I needed to get through a dry, tough book" Rebecca, college freshman

??"This was surprisingly cool and honest. Would I want my teachers to know I used it? No, but that's why it's worth buying." Andrew, 12th grade
