Love Realized (The Real Love Series Book 1) Melanie Codina

Jake and Gillian have been friends since high school. As friends, they have supported each other through all the typical life changing events such as marriages, births, divorces and even death. Gillian couldn't be more thankful for the bond she shares with Jake than she is when all the shameful secrets of her marriage appear front and center, demanding attention. The emotional support she has so freely given to her friend over the years is returned in full force as she nurses the wounds of her failed marriage. But when she starts to notice there might be more to her feelings than just friendship...is she willing to risk what they already have, for what might be???

For Jake, it has always been Gillian. If only she knew she has owned his heart since the day he met her. After watching her fall in love with one of his best friends, he accepted his fate of being one of her closest friends and locked up the deeper emotions he felt for her. So when he watches her marriage fall apart before his very eyes, he knew she would turn to him for support. What he wasn't prepared for was the return of those emotions he had long ago locked away. It didn't take long for him to figure out that this was his chance and he wasn't about to let her slip through his fingers again. He only needed to make her realize, his love for her was real.
