Jesus in Context: Background Readings for Gospel Study

Jesus in Context: Background Readings for Gospel Study

Knowing the historical and cultural background of the Bible is crucial to properly understanding and interpreting it. But the passing of 2,000 years often prevents today's reader from fully understanding the significance of various actions and teachings of Jesus in the Gospels. For example, the radical nature of Jesus's healings on the Sabbath may go unnoticed without an awareness of first-century Jewish teaching on what was and was not permissible.

Pastors and other serious Bible students may not have access to important early writings that would provide this background, nor the time to wade through volumes of source material to find relevant tidbits. This unique reference work gathers into one handy volume the key extrabiblical texts that provide the necessary background for passages in the Gospels, along with introductory comments by the editors.
