Macroeconomics (7th Edition) Olivier Blanchard

For intermediate courses in economics.

A Unified View of the Latest Macroeconomic Events

In *Macroeconomics*, Blanchard presents a unified, global view of macroeconomics, enabling readers to see the connections between goods, financial markets, and labor markets worldwide. Organized into two parts, the text contains a core section that focuses on short-, medium-, and long-run markets and three major extensions that offer more in-depth coverage of the issues at hand. From the major economic crisis and monetary policy in the United States, to the problems of the Euro area and growth in China, the text helps readers make sense not only of current macroeconomic events but also of events that may unfold in the future. Integrated, detailed boxes in the **Seventh Edition** have been updated to convey the life of macroeconomics today; reinforce lessons from the models; and help readers employ and develop their analytical and evaluative skills.

Also Available with MyEconLab®

MyEconLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.
