### **So Say the Waiters (episodes 1-5)** Justin Sirois

NOW OPTIONED FOR TV - this free first book is one of three in a series. There is a major cliffhanger at the end of book one. White-collar Henry is hired by a successful software developer and college friend who has created kidnApp, a cell phone app and social network that allows people to kidnap each other for fun. The app is growing faster than they can handle. His friend wants to groom Henry as the Mid-Atlantic regional manager with part ownership of the company, but he will need to become a seasoned kidnApper first. The problem is, Henry is stuck in his conservative job, suffering from post-fiancée breakup depression, and he definitely sucks at kidnApping. But this is an opportunity he cannot refuse. Danielle (Dani) Hardly is an aimless bartender at a rundown nightclub. She is barely scraping by, but she is one of the first users of kidnApp in Baltimore. She uses the app as an escape from the increasingly difficult world around her, often time pushing the limits of the experience. During a botched kidnApping, she is rescued by newly recruited Henry – someone she has nothing in common with until Henry opens up to her about his less than mediocre kidnapping skills. The last thing Dani expects is to start collaborating with Henry who needs all the help he can get. Throughout the series, Henry tries to balance his normal life and job while kidnApping on the side. Dani transitions from a hardcore kidnApp user to a nearly full time employee, confusing her already fragile sense of identity.
