Overcoming cancer takes a multi-faceted approach including the physical aspects, the mental domain, and most importantly, the spiritual realm. This book chronicles the strategies and insights in each of those areas as disease falls away, replaced with total radiant health. Diana tells of the courage and faith it took to abandon her chemotherapy treatments in favor of a holistic approach. Diana Fidone Griggs, author, feels that she is an ordinary person who has been given an extraordinary assignment by the Lord. Her mission is to share her personal story of healing from cancer, spread the truth as it has been revealed to her in many areas, and to give others hope and life. The book contains her most intimate diary entries, her prayers to the Lord and his answers, along with anecdotes about the fascinating people in her life. This book is a must read for all who have cancer but also those who are looking for spiritual guidance.
