Design Ideas for Decks & Patios Heidi King

Design Ideas for Decks and Patios presents ideas, styles, and the latest trends designed to cater to the outdoor-living needs and desires of today's homeowners. Living it up stylishly in today's casual open-air "rooms" calls for serious design consideration. In this photo-driven book, readers will find lots of examples of floating and single- and multi-level decks and attached structures (gazebos, pergolas, built-ins, stairs and railing) and soft-set as well as mortar-based patios. The book also comes with information and tips for choosing a site and shape, plus a rundown on material options (wood versus synthetic decking; stone, brick, interlocking pavers, and concrete). In addition, *Design Ideas for Decks and Patios* helps reader make important decisions that will affect how they will use the space: choosing furnishings; controlling light and shade; equipping a cooking area or outdoor kitchen; integrating a pool, spa, or water feature; outfitting the deck and patio with media accoutrements; and extending the season with a fireplace or fire pit and heating and cooling devices.
