The first three books in the Evidence Series in one box set. Volume I includes two full-length (300 page) novels and one short (150-page) novel.

Concrete Evidence

A year ago she lost everything. Now she wants revenge...

Accused of stealing artifacts from a five-hundred-year-old shipwreck, underwater archaeologist Erica Kesling is determined to clear her name. She's concealed her past and taken a job certain to give her access to the buyer of the missing antiquities. She's finally closing in on her goal when she's distracted by a sexy, charismatic intern who makes her want something other than revenge.

But Lee Scott is no intern. He's looking for the lead conspirator in an international artifact smuggling scheme, and Erica is his prime suspect. He'll do whatever it takes to win her trust and get her to reveal her secrets, even seduce her.

As Erica and Lee struggle to conceal their real agendas, the one thing they can't hide is the attraction that burns hot between them. When Erica's quest puts her life in jeopardy, Lee must choose between old loyalties and a woman he never expected to fall for.

Body of Evidence

And she thought facing a firing squad was bad...

When archaeologist Mara Garrett traveled to North Korea to retrieve the remains of GIs lost in combat, she never imagined she'd be arrested, convicted of spying, and sentenced to death. Her only hope is Curt Dominick, the powerful, ambitious, and infuriatingly sexy US attorney prosecuting her uncle, a former vice president of the United States.

What starts off as a rescue mission quickly morphs into a race across the Pacific. Someone is after Mara, and they'll risk everything to stop her from reaching Washington DC. With betrayal around every corner, Curt and Mara have little reason to trust each other and every reason to deny the sparks between them that blaze hotter than the Hawaiian sun. Still, desire clashes with loyalty when they discover a conspiracy that threatens not only their lives but the national security of the United States.

Withholding Evidence

Some secrets are worth dying for...

Military historian Trina Sorensen has a nearly impossible task before her: get recalcitrant but tempting former Navy SEAL Keith Hatcher to reveal what happened during a top secret Somalia op five years ago. Recent history isn't usually her forte, but the navy wants an historian's perspective and has given her the high security clearance to get the job done.

Keith isn't just refusing to tell Trina about the op, he's protecting a national secret that could destroy the lives of those he cares about the most. But not wanting to talk about a covert mission doesn't mean he isn't interested in spending time with the sexy historian, and the first time they kiss it's explosive.

When the past comes pounding on Keith's door, he'll do anything to keep Trina safe... Anything, that is, except tell her the secret that could get them both killed.
