Teaching for Aesthetic Experience: The Art of Learning (Lesley University Series in Arts and Education)

The artist/educators in this book invite you to come with them on a journey of discovery into the meaning of teaching for aesthetic experience. With learning as their art, they create educational encounters with passion and feeling, and leave their students with vivid impressions, growth, and change. Each author engages in aesthetic experience from an individual perspective - as poet, dancer, visual artist, or musician - and each of them engages as an educator who brings art into his or her classroom, no matter what the subject. Inspired by the words of philosopher Maxine Greene, the contributors transform the theoretical into the practical, urging students to look to the arts and nature for simple beauty, and awaken their minds to new possibilities of creative learning.
