Angelic FootPrints Book Two: LOVE

What is it about love that stops you in your tracks?

Does love confuse or define you? If you have been searching for who you are, and how to love yourself better in this complicated and chaotic world, the messages in LOVE will deliver the clearest and least confusing image of who you are seeking. If you are ready to step into who you have always been intended to be, LOVE will take you there.

Twenty-eight boldly channeled angelic messages lead you into being a more empowered human in a human world. What if you could finally understand how love of Self magnetically draws everything and everyone to you? And what if you could learn where the best of who you are hides in how you love yourself? What would it be like to feel unconditional love reaching out to embrace you in each statement of every angelic message? Releasing self-love from its prison is the natural progression as compassion for yourself grows. If you yearn deeply for the love of others when you feel most invisible, you will feel safe in these messages. Most importantly, if you are weary of desperately chasing love of life, you will be uplifted. Discover how love does not create life, yet wills you to survive. If your future feels blocked because you don't know how to accept or offer love, go directly to Message #52 Love to take your next angel guided steps.

Simple instructions and aids for using this book follow the 28 angelic messages which form the front sections the book. Many people will read only the Messages and never go beyond for deeper learning. For them that is enough, but if you prefer more guidance and the personal touch turn to Angelic Teaching Conversations for conversations never before shared so clearly with humankind. The ABOUT section holds tantalizing stories and a little history on how SoulDancer's channeling gift revealed itself in childhood. Resource pages found at the end of the book are loaded with proven journaling templates, self-coaching templates, an empowering breathing meditation including MP3 links, and debriefs. So much more follows the Messages, we urge you to explore every page.

In a moment you will open this book stepping into a world of LOVE. You will compassionately observe your past Self in each line of each message. Next you will be invited to appreciate your present Self. Finally your empowered future Self will embrace you. Love involves accepting and resisting. It also encompasses non-judgment and compassion. You are about to experience self-truths validating the best of who you are right this moment. As you experience your Self, we encourage you to love yourself a little deeper, then gently exhale giving yourself permission to become more.

One last thing before opening this book or reading even one line of any message... Ask yourself what you want to learn. Ask why it is important that you learn this. Ask what will change when you learn this about yourself.

The Messages that follow are written as statements. You might agree. You might disagree. You might resist. You might become angry. You might fall in love with yourself for the first time. Whatever you learn is something you did not know before. This is a gentle book.

Take a breath ... relax into what comes next ... and open Angelic FootPrints now.

You are never alone.
