**Classification des résultats de soins infirmiers: CRSI / NOC (French Edition)** Sue Moorhead, Elizabeth Swanson, Marion Johnson, Meridean Maas, Project Iowa Outcomes

Cet ouvrage propose une classification qui présente les **résultats issus des interventions infirmières** observables chez le patient, et testés sur le terrain.

Il expose, dans une première partie une vue générale de la classification des résultats, puis détaille l'utilisation pratique de cette classification en pratique clinique, dans la recherche et dans l'enseignement. La deuxième partie explique la taxinomie des CRSI/NOC.

La troisième partie, **coeur de l'ouvrage**, présente **490 résultats**, classés en **7 grands domaines** à l'intérieur desquels ils apparaissent par **ordre alphabétique**, avec la terminologie utilisée dans la dernière édition du Nanda International 2012-2014.

La quatrième partie montre les liens existant entre les CRSI/NOC et les schémas de santé d'une part et les diagnostics infirmiers du Nanda international d'autre part. Une dernière partie liste les résultats essentiels pour les domaines de soins spécialisés.

Cette **2e édition** est la traduction de la 5e édition américaine de *Nursing Outcomes Classification (NOC)*.
