Adam Cain is an Alien with an Attitude! After all, how would you feel if you were abducted by aliens and transported into a strange, new universe away from your home, your family -- everything familiar to you? Would it make you happy? Not likely! Now imagine you're stronger, faster and more coordinated than every alien you encounter. Would you start kicking some ass? Of course you would! This is the story of Human superiority in the galaxy, a gritty, realistic profile of a young Navy SEAL who doesn't like aliens very much -- and he makes them pay for disrupting his happy life back on Earth! The Fringe Worlds is the first in a series of books in The Human Chronicles saga. Full of adventure, space battles, galactic empires and exotic locales, it's also laced with humor and an honest realism not often found in science fiction these days.
