Harlan Coben

Harlan Coben - Six Years & Stay Close 2-in-1 Collection (Harlan Coben Collection) Harlan Coben

Two Harlan Coben titles together for the first time in one collection

Six Years

Six years have passed since Jake Fisher watched Natalie, the love of his life, marry another man. Six years of hiding a broken heart by throwing himself into his career as a college professor. Six years of keeping his promise to leave Natalie alone, and six years of tortured dreams of her life with her new husband, Todd. But six years haven't come close to extinguishing his feelings, and when Jake comes across Todd's obituary, he can't keep himself away from the funeral. There he gets the glimpse of Todd's wife he's hoping for...but she is not Natalie. Whoever the mourning widow is, she's been married to Todd for almost two decades, and with that fact, everything Jake thought he knew about the best time of his life—a time he has never gotten over—is turned completely inside out. As Jake searches for the truth, his picture-perfect memories of Natalie begin to unravel. Mutual friends of the couple either can't be found or don't remember Jake. No one has seen Natalie in years. Jake's search for the woman who broke his heart, who lied to him, soon puts his very life at risk as it dawns on him that the man he has become may be based on a carefully constructed fiction. Harlan Coben once again delivers a shocking novel that deftly explores the power of past love and the secrets and lies that such love can hide.

Stay Close

Megan is a suburban soccer mom who once upon a time walked on the wild side. Now she's got two kids, a perfect husband, a picket fence, and a growing sense of dissatisfaction. Ray used to be a talented documentary photographer, but at the age of forty he finds himself in a dead-end job posing as a paparazzo, pandering to celebrity-obsessed rich kids. Broome is a detective who can't let go of a cold case—a local husband and father who disappeared seventeen years ago—and spends the anniversary every year visiting a house frozen in time, the missing man's family still waiting, his slippers left by the recliner as if he might show up at any moment to step into them. Three people living lives they never wanted, hiding secrets that even those closest to them would never suspect, will find that the past never truly fades away. Even as the terrible consequences of long-ago events crash together in the present and threaten to ruin lives, they will come to the startling realization that they may not want to forget the past at all. And as each confronts the dark side of the American dream—the boredom of a nice suburban life, the excitement of temptation, the desperation and hunger that can lurk behind even the prettiest façades—they will discover the hard truth that the line between one kind of life and another can be as whisper-thin as a heartbeat.
