- Methods for remembering your ideas.
- How to organize your ideas.
- Tips for finding a solution for your problems.
- And much more!

Ever get confused whenever you want to voice out your opinions? Getting stuck in the middle of what you're saying finding the right words? Feeling embarrassed when people stare at you waiting for you to finish what you have to say? Are you afraid of looking stupid in front of a crowd because you are out of words? Always confusing the people you communicate with because of poor thought organization? If these are your problems, then, worry no more because this book is here to help you become better in organizing your ideas in a smoother and more consistent flow.

This book is your ultimate guide in mastering thought organization using the idea mapping. More than the technical help you may get, there is a practical side to it as well. Learn how to use visual aids and become friends with them so you can easily remember the flow of your thoughts. Using keywords can also become handy in these times for they will save a lot of spaces from what's currently running in your head. Other tips would be limiting yourself away from any distractions so you can learn how to focus. There are actually more to find out and you'll be surprised as how easy they are once you apply them to you. There are tons of them inside.

Throughout the book you will learn more about how you can develop yourself into a better communicator in any application whether personal or professional. More than that, you get to know yourself better as who you are as a person because we have included some of the most powerful and practical tips that you can practice on daily activities that involves your thoughts.

You might as well want to filter all information that is running through your mind and keep on having the positive ones so people would want to listen. Remember, people try to avoid negative opinions or comments. Writing down your thoughts and ideas will also be a great help for your thought organization as you will be able to keep yourself from forgetting the important points of it. You will also be surprised on how your health influences your way of thinking so keep your brain healthy at all times.

Making your own timeline the right way would also help you not only manage your time but also make time for what's important and what's not. This may sound as simple as it is but it's greatly helpful especially when you are on a pressure to point out your stand in a conversation. You might also want to consider seeking help from other people who are experts on that field or people who has credibility so you can make simple ideas to powerful ones.

If you are the person who wants to become the best in explaining every bit of important information in a way that anyone from anywhere could understand, then this book is meant for you. Discover more about yourself
