Tangles: A Story About Alzheimer's, My Mother, and Me Sarah Leavitt

In this powerful memoir the *LA Times* calls “moving, rigorous, and heartbreaking,” Sarah Leavitt reveals how Alzheimer’s disease transformed her mother, Midge, and her family forever. In spare blackand- white drawings and clear, candid prose, Sarah shares her family’s journey through a harrowing range of emotions—shock, denial, hope, anger, frustration—all the while learning to cope, and managing to find moments of happiness. Midge, a Harvard educated intellectual, struggles to comprehend the simplest words; Sarah’s father, Rob, slowly adapts to his new role as full-time caretaker, but still finds time for wordplay and poetry with his wife; Sarah and her sister Hannah argue, laugh, and grieve together as they join forces to help Midge. *Tangles* confronts the complexity of Alzheimer’s disease, and ultimately releases a knot of memories and dreams to reveal a bond between a mother and a daughter that will never come apart.
