**Aprende a Dibujar Caras: Tecnicas del Retrato paso a paso... (Spanish Edition)** Roland Borges Soto  
Este libro está diseñado para instruir en el dibujo del rostro humano a aquellas personas que están comenzando y a desarrollar a quienes ya lo practican. Asumiendo que todos podemos dibujar y que más que la habilidad manual, es más importante aprender a ver, este libro te ayudará a reconocer tipologías y detalles de la cara que pasamos por alto al dibujar lo que creemos que vemos y no la información que nos brinda el modelo. También puede ser de gran ayuda tanto para los que desean dibujar y creen no tener talento, como para los iniciados que buscan mejorar. Es un gran recurso para el maestro de artes visuales, incluye historia, fotografías, dibujos académicos, instrucciones detalladas y módulos de trabajo. Te mostraré paso a paso todo lo que debes saber para lograr un buen dibujo de un rostro humano. Sigue las instrucciones ordenadamente, observa cada ilustración con detalle y dibuja conmigo copiando paso a paso cada uno de los ejemplos. Prueba y aprenderás mientras te diviertes.
