Conceived In Liberty (The Foundation) (Volume 2) L B Boutin

In this second installment of the Foundation Trilogy, the world awakens to a new crisis, almost daily. The Middle East stands ready to explode, the Mexican border is on fire, and North and South Korea are on the brink of all-out war. The Foundation once again finds itself in the middle of it all. It is what happens next that catches everyone by surprise. They soon find out that one man is responsible for all of the turmoil, and he is backed by a new enemy that they will come to know as the Legion of Hebron. It is truly “war without borders” and the entire planet is on the verge of becoming unwilling participants. The risks are real, the situation is extremely volatile, and all the while the super powers sleep.
