"Now, what do I do?!"

I dare say, there is not a single person who at least once in his or her life has not faced an unexpected situation, a newfound reality, a daunting challenge, or veiled opportunity and not wondered what to do. You may feel that you have made poor choices, that your opportunities have passed you by, or that you're playing musical chairs, the music has stopped, and all the seats are taken.

This book is for those individuals like you who have come to a fork in the road, chosen a path, and found themselves twenty to thirty (or more) years later in a destination they didn't quite recognize. But the stories are relevant for anyone, at any age, at any station in life who has awakened and wondered what they are going to do next or how will they move forward. I want to offer hope, inspiration, and applicable lessons as derived from the lives of well known, and not-so-famous men and women who found new and unexpected success--by many definitions--late in life.

My hope is that these remarkable transformational stories will light a spark--whether you are twenty-five or sixty-five--to take back the reins of your life and become clear on exactly what you are going to do now and how you wish to contribute to the world. The music has not stopped, and there is still time to find your seat.
