Lords of Creation: The Golden Amazon Sage, Book Sixteen John Russell Fearn

At first, it appeared to be a sun, forming in space where none had existed before. It kindled as an atomic fire, sustaining itself by the breakdown of fusion energies. Then, even as the Cosmic Crusaders watched, the newly-created sun was no longer just a ball of fire: it was gyrating, like a stupendous Catherine Wheel, a flaming mass spewing filaments from its edges. Then they realized the amazing truth: they were witnessing the creation of planets, flaming streamers of incandescent matter that would condense into worlds! In this latest full-length novel, the Golden Amazon and her fellow Crusaders grapple with the very forces of creation in their most astounding adventure to date!
