*Their wedding might be fake, but there's no faking the mutual attraction.*

*Texas Montgomery Mavericks, Book 2*

Dr. Caroline Graham is happy with her nomadic lifestyle fulfilling short-term medical contracts. No emotional commitments, no disappointments. She's always the one to walk away, never the one left behind.

But now her great-uncle is gone and her grandmother is on her deathbed, more concerned about Caroline's lack of a husband than her own demise. What's the harm in a little white lie? If a wedding will give her grandmother peace, then a wedding she shall have.

Travis Montgomery has one dream left—to build the ranch he and his wife planned before he lost her to cancer. There's just one thing standing between him and the last bit of acreage he needs—a last living heir who has one traveling foot out the door...and an unusual request that challenges his determination to never again place his heart at risk.

The land he wants in exchange for a faux marriage. Everyone wins. Until things start to snowball...and the hearts they stand to lose are their own.

Warning: This book contains a tortured widower who doesn't want a wife and an independent doctor who doesn't want a husband. Hot stuff between the sheets and failed efforts to avoid emotional involvements.
