## **Awaken Your Creative Spirit: Capitalize On the Divine Power Within** Kevin Hunter

Your creative spirit is present when you experience positive energy flowing through you. This energy is ignited when you make a direct connection with God. This vibration state is where you have access to the true you, which is your higher self. Your higher self rules when you work to strip, reduce, or dissolve any negative tampering influenced by a domination of your physical surroundings. Make a connection with something greater than yourself and allow that energy Light to permeate your soul and cleanse it of toxic debris. This will assist in the process of awakening your creative spirit from slumber.

Your creative spirit is more than being artistic and getting involved in creativity pursuits, although this is a good part of it. When your creative spirit is activated by a high vibration state of being, then this is the space you create from. You can apply this to your dealings in life, your creative and artistic endeavors, and to having a greater communication line with your Spirit team on the Other Side.

Your creative spirit brings your soul into a high vibration state of being because coming from a place of creativity raises your vibration. This is the zone where you create and manifest your visions at higher levels from, while simultaneously moving you into the joy of your life. It is thinking like a kid, unleashing your inner artist, and realizing your soul's potential. When you claim your celestial power with the assistance of your heavenly helpers by your side on your Earthly life, then this assists in capitalizing the true divine power within you. *Awaken Your Creative Spirit* is an overview of what it means to have access to Divine assistance and how that plays a part in arousing the muse within you in order to bring your state of mind into a happier space.
