For a young person, finishing high school and going off to college is a time of eager anticipation and perhaps a bit of fear. It is a time when old dreams can be realized and new dreams formed. Those dreams are dashed if you are young and discover that you are pregnant. All your hopes disappear in that instant. You may even think your life is over. But your life is not over. It has just changed direction. Author Canderra Holcomb knows this first-hand. In *One Single Mother to Another: A Guide for the Daily Struggles of a Single Mom*, Holcomb shares how her life changed the moment she found out she was pregnant at the age of 19. Holcomb helps you come to terms with your feelings about the unplanned pregnancy. She guides you through multiple issues-including child support-dealing with the baby's father, your family, your friends, and eventually dating. Based on the author's personal experience, this guidebook offers advice and encouragement to help others make it through the experience of single motherhood and create a successful life for both mother and child.
