A Step Above Romance Kelly Harris

A Step Above Romance is written by a new breed of author. Within the pages of the book you will find a collection of twelve award winning erotic short stories unlike any you have ever read before. No longer are steamy situations glossed over with vague references, and unrealistic scenarios. Kelly's new style of modern erotica story telling will shock you with its bluntness, it will excite you with its raw passion, and it will addict you to this novel way of writing. You'll become entranced in the stories, flipping from page to page, feeling your own pulse rise as the sexual tension builds, and then you'll revel as the stories reach their climaxes in superb detail. The stories are meant to thrill, to entertain, and to surprise you with their twist, turns, and emotionally charged story lines. Written in first person, they are meant to lure you into the characters feelings, and entwine their excitement with your own. Though not written as a self-help, or "Better Sex guide", the stories will no doubt teach you about your own desires as no lover has ever before. You may very well discover feelings that you didn't know existed, that were locked deep down inside, or that you never even knew were possible. Even if you must live a straitlaced life due to personal circumstance, you can still live vicariously with the characters within the stories. As the author, I encourage you to share the stories, live them out with your special someone, and most of all have fun!
