## **The Legacy** Susan X. Meagher

The good news is that you've just been given a guest house in a great gay and lesbian resort area. The bad news is that your mother, who gave you away at birth, left it to you in her will.

Noel wants to sell her gift as soon as possible. But when she makes a few trips down to Rehoboth Beach before putting it on the market she's convinced that she'd get a much better price if she made some repairs.

Enter Toni, handywoman extraordinaire and noted ladykiller. As Noel gets more involved in repairing the house she finds she's more interested in the renovator than the renovations. Toni is just the kind of woman who gets her motor running.

But there are so many complications: they live in different states, Toni's is no hurry to settle down, and Noel's still stinging from her recent breakup. But when she and Toni are alone, they can't keep their hands off each other.

Noel wishes she could just sell the place and walk away. But when she lies in bed and looks into Toni's eyes, she realizes just how hard that will be.
