Preferred stocks, also known as preferreds, have attracted a lot of attention in recent years, but few investors understand the typical features, risks, and returns of these intriguing investments. In this book, Paul Josephs provides an unbiased and easy-to-understand introduction to preferred stocks, including: --The features of typical preferred stocks, including their pros and cons relative to common stocks and bonds. --How to research and buy preferreds, including individual stocks, ETFs, and closed-end funds. --Major risks of preferred stocks. --How preferred stocks behave in good, stable, and tough economic times. --Investment strategies and practical tips for investors who choose to invest in preferreds. This book provides modern income investors with the facts they need to decide if preferred stocks deserve a place in their portfolio.
