Hot photo apps come and go, but the practice of shooting and sharing is universal and is now a fundamental part of the way that we communicate with each other. Photos aren't printed on paper anymore – they are shown on screens, and everywhere they are shown the viewer is invited to like or share.

Social Photography will show you how to create photos that will be clicked on, liked, shared, and maybe even go viral. A must for anyone who takes their online profile seriously, it will show you how to give your photos a fresh look, it will give you hundreds of posing and shooting ideas, and it will let you share your life's most exciting moments wider than ever before.

The book tells you everything you need to join the social photography revolution. All of the techniques are fully illustrated with examples showing how to get the best results.
