Kira was just being kind to Dr. Masters by dropping off delicious meals at his door everyday. Sure, she had a small crush on him but it wasn't anything serious. A lot more occupied her mind than Dr. Masters. She spent her days as a web mistress and hobby chef. Little does she know her friendly gestures would lead to more. But will Kira be able to protect her heart from getting let down by yet another arrogant alpha?

Dr. Kyle Masters had a lot on his plate. He's a very busy oncologist who likes to keep things in his personal life simple. Figuring out how Kira keeps breaking into his suite to leave him a delicious home cooked meal is getting to be... complicated. Another thing that's getting complicated- is his attraction to her. He's not sure if he's ready to let that sort of complication into his personal life.

Can this alpha doctor and his hot neighbor make their attraction to one another more than just a fling? Or will they continue to fight the pull they feel to each other?

Note: This book contains spicy love scenes and colorful language. A sweet & sexy stand alone, with no cliffhangers, and a happily ever after! For 18+ readers.
