## **New Beginnings: A story of my life on how I faced the dreaded 'epilepsy' YD99**

A short story of my life. How it changed with a sudden threat from 'epilepsy' and how I am fighting it. This is not a fictional story but a true account of my life. This book is still a work in progress and will be updated with new content often (updates through the kindle store itself free of cost). Life is strange and can give many surprises. This is simply an account of my life.

This book will be updated from time to time with new incidents as well as old ones as they are written. These updates will be made for the same book in the Kindle Store so that you can update it free of cost through your kindle account.

Life is unfair and will remain so. Maybe, just maybe, we can succeed in life and defeat these problems. How we do that, is our choice. I am publishing this book under a pen name (YD99) to hide my real identity.

Thanks.
