With the ongoing reform in health care delivery, outcomes have continued to be an important focus for both cost containment and effective care. NURSING OUTCOMES CLASSIFICATION standardizes the terminology and criteria for measurable or desirable outcomes as a result of interventions performed by nurses. The only comprehensive collection of nursing-sensitive patient outcomes on the market, this second edition of NOC features 260 outcomes, including 57 new outcomes for individual patients and family care givers, as well as 7 family-level and 6 community-level outcomes. In addition to label categories, the research covers community settings, and the newest developed taxonomy for NOC.
