**You Have a Girlfriend but you think you might be gay. What should you do?** Mitch Bearson

Don't panic.

I know that I should be introducing this book as your tool to deal with this problem... But, my dear reader, this text will be useless to you if you aren't in a calm state of mind. Why? Because this book is all about asking the right questions, and answering them truthfully.

We Spaniards have a saying: "Do things without pause nor haste". It means that important things are to be made properly, without rushing, but without delaying them as well.

This is a fact: Your life is about to change forever, or maybe it did already. Anyway, without the proper guiding and proper focusing, make sure that the transition will be nothing but an undesirable experience, and that's the first thing we're to avoid.

In this book we are going to make you feel happy, and avoid any avoidable collateral damage that could come from this spiky situation. And we're going to do it following a step system: Only when you've taken a step, you can take the next one. Please think of this book as a journey, a journey which make you not only a free man who acknowledged his own sexuality, but a man who now knows himself. So are you ready to get started?
